An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Barry Hollander on 9/27/07.

The application has been amended as follows:

In The Claims:

In claim 15: Line 13, please delete the term " chip-like".

Please cancel claims 30-50.

The following is an examiner's statement of reasons for allowance: While Sato teaches forming curve or curl on a forming roller, there is no teaching in Sato of subjecting the baked dough pieces to a curtain of air to cool and set the pieces while on the forming roller. There is also no teaching of removing the pieces with the curtain of air. There is no suggestion to alter the method to include this step. With respect to claim 15, Gimmler et al teach adding pregelatinized waxy starch; however, the product of Gimmler et al is so different from the one in the cookbook. Thus, there is no motivation to add the pregelatinized starch. Also, the prior art does not teach cooling while on the rotating roller with air.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
